Mr. Martin C. Hestmark
U.S. Environmental Protection Agency
Federal Facilities Unit
Region VIII
999 18th Street, Suite 500
Denver, CO 80202-2405

Dear Mr. Hestmark:

In accordance with the Federal Facility Compliance Agreement for Land Disposal
Restrictions Section VI.14 the Comprehensive Treatment and Management Plan (CTMP)
was submitted on June 10, 1992. The CTMP includes primary and secondary milestones
for the development and implementation of treatment and management technologies to
achieve compliance with the Land Disposal Restriction requirements for the covered
wastes. Enclosed please find a memorandum from EG&G documenting the completion of
the Draft CTMP secondary milestone "Start Cold (Non-Radioactive) Demonstration Phase"
for the Low Level Mixed Solvent Contaminated Wastes Treatment System - Thermal.

If you have questions regarding this submission, please contact me at 966-4561 or
Reginald Tyler at 966-5927.

Sincerely,

Thomas E. Lukow, Director
Waste Programs Division
